

LASER DISPOSAL

Richard J. Owen CIH, CSP
Laser Safety Officer

July 2010

DAY 3 OF POWER POINTS

LASER DISPOSAL

- ISSUES ON MANY FRONTS
- When is a laser no longer a laser?
- Issues to Consider
 - Lasing Medium Itself
 - Power Supplies
 - Hazardous Materials of Construction
 - Residual Contaminates
- ANSI OFFERS
 - Give it away/return to manufacturer
 - Remove electrical activation
 - Destroy the laser

LASER DISPOSAL

- Other issues not laser related

Inventory I D tracking – how long after left site?

Government Property disposal requirements

Lab property disposal protocols

Labels – do they get destroyed?

when?

LASER DISPOSAL
